

Amendments to House Bill No. 213  
2<sup>nd</sup> Reading Copy

EXHIBIT NO.	9
DATE:	3-3-2011
BILL NO.	HB 213

For Senate Highway Committee  
Proposed by Department of Justice, Motor Vehicle

1. Page 1, line 27 through 28

**Following:** "may"

**Strike:** "be" on line 27 through "license" on line 27.

**Insert:** "only be operated on a highway for which the posted speed limit does not exceed 25 miles per hour."

2. Page 1, line 29

**Following:** "A"

**Strike:** "low-speed electric vehicle or"

Rationale: In its present form, HB 213 limits use of low speed electric vehicles to only those with a low-speed restricted driver's license. This amendment would allow anyone with a driver's license to drive a low-speed electric vehicle under the same posted speed restrictions. Several dealers sell or want to start selling low-speed electric vehicles and most customers purchasing these vehicles own other motor vehicles, have a driver's license, do not need low-speed restricted driver's license in order to drive, and want to use these vehicles for a specific purposes.
